Principal's News

We have had an eventful time here at SMS. While it isn't ideal that we lost both boilers, we are grateful it happened before the extreme cold winter temperatures are here. We are working to fix our heating system and have temporary measure in place. We are monitoring the air quality of the school to ensure that all are safe. In addition to the carbon monoxide detectors in place, we are working with the fire marshal as well. They visited the school today and found no evidence of any carbon monoxide at SMS and have assured us that the air quality is fine. We thank you for your continued patience as we work to fix the heat. Please remind your children to dress in layers for the time being.

Book Fair December 3-7

The December Book Fair is a great time to gather presents for Christmas. Please consider helping during this fun event.

CONFERENCES

The most effective conferences regarding students can only happen with all parties present. Therefore, students should accompany their parents to conferences this year. Please sign up for a slot that you know your child and you can both attend.

MORNING DROP OFF: I have received a number of calls from the Fall River Traffic Department regarding AM drop. Please remember, if you are dropping your child(ren) off in the AM, stop before the crosswalk, allow them to cross safely to the sidewalk and then proceed to your destination. Please do not wait for the child to enter the building. From 6:45 AM, there is someone in the office to ensure that they safely gain entry to the building.
